

TMB1000F/TMB-1300F/TMB-1450F/TMB-1600F
Semi-automatic Flute Laminating Machine (single labor)

General Introduction

- 1、 Turn up bridge plate is convenient for cleaning, discontinuous water-circulating system ensures washing clean
- 2、 Automatic feeding for bottom sheet, manual feeding for top sheet (feeding from side for top sheet is optional)
- 3、 Flexible front register, bottom sheet is not exceeding the top sheet, and it's adjustable for the front-and-rear lamination between bottom sheet and top sheet
- 4、 Bottom sheet can be paperboard more than 300gsm, A/B/C/D/E corrugated cardboard
- 5、 Movable lengthened pressing section is optional for corrugated board thicker than B flute, and its length is more than 800mm

Side feeding

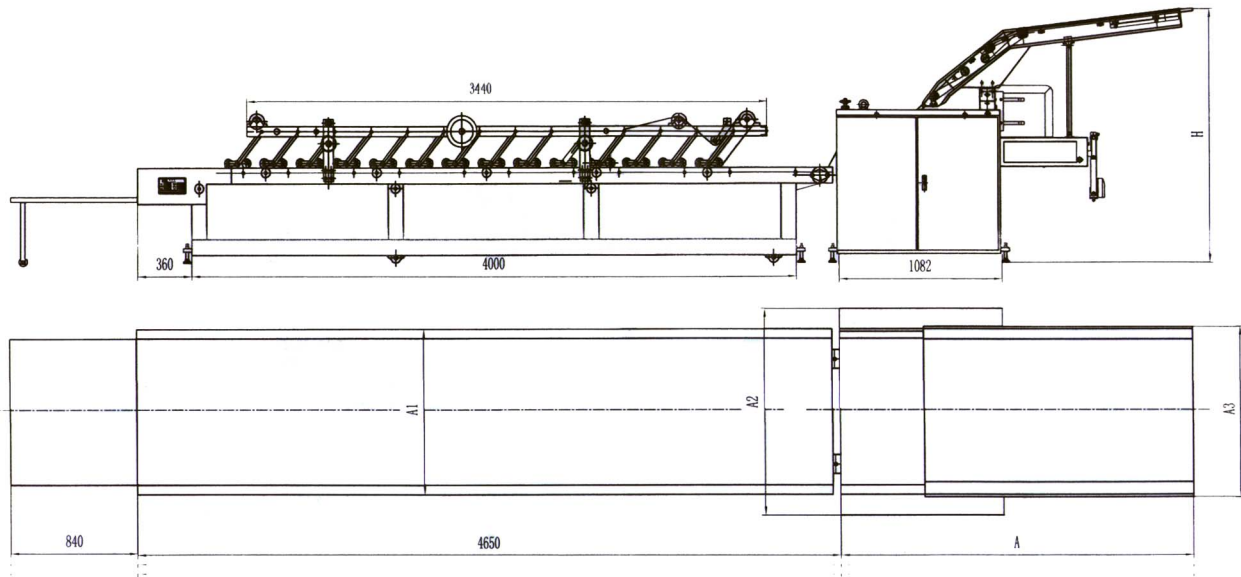

Top sheets

Bottom sheets

Floor Plan

Model	L	A1	A2	A3	H
1000	2052	1340	1600	1630	1420
1300	2052	1640	1900	1930	1420
1450	2052	1790	2050	2080	1420
1600	2355	1940	2200	2230	1616

Specification

Model	TMB-1000F	TMB-1300F	TMB-1450F	TMB-1600F
Max paper size	1000×1100mm	1300×1100mm	1450×1100mm	1600×1100mm
Min paper size	320×450mm	320×450mm	320×450mm	320×450mm
Total electric consumption	7kw	7kw	7kw	11kw
Speed	0-90m/min	0-90m/min	0-90m/min	0-90m/min
Weight	3.2t	4.2t	4.8t	5.5t
Overall Dimensions(mm)	7400×1530×1400	7400×1830×1400	7400×2080×1400	7400×2250×1400
